Frequently Asked Questions

How do I register and pay for online classes?

Register online at www.mypaymentsplus.com under the **GOC Online Summer Session** section between **Feb. 15** and **June 2**. Online Campus only accepts payment by MasterCard/VISA prepaid, debit, or credit card; or by electronic check. Online Campus does not accept cash or personal checks. All GOC registration is handled online.

What is the cost of an Online Campus course?

Online summer courses for rising 9th graders— PE and Health— are \$250 per course.

What online classes can rising 9th graders take?

You may register for Health and for Personal Fitness (PE). See the back page for details on mandatory face-to-face sessions for PE and health classes. **Online Campus has limited spaces for PE and for Health.**

However, PE also is offered in face-to-face summer school and through Community Schools.

What if I want to withdraw and receive a refund?

With parental approval, students can drop courses up until the posted **first day of class (June 10)**. To request a refund, go to the GOC website and click on the **“Request a Refund”** link under the **Programs-Summer** tab. No refunds will be given if requested after the posted first day of class.

Do I have to log in to my course every day?

Yes, you will need to log in each day during the school week (Monday through Friday) during the entire summer session. An online course requires 16–20 hours a week per course during the shorter, more intensive summer classes. **NOTE:** The PE and health classes open to rising 9th graders require face-to-face sessions, as indicated in the gray box on the back of the brochure. These sessions are mandatory.

What is an online class like? How are the health and PE courses structured online?

Online courses offer flexibility with summer schedules because the content is accessible 24 hours a day, seven days a week. An online class is similar to a face-to-face class in the following ways. There is a teacher. You have lessons. You have homework, due dates, class discussions, and tests. Students may “attend” class at any time of the day, but are expected to log in every class day, Monday through Friday, during the summer session. Most work is completed online, with the exception of the fitness post-tests in PE, and final exams. Students also are expected to log in during course-specific Adobe Connect sessions for live, online instruction. Teachers will communicate through phone, email, and course feedback. For more information, see the demo course available **under the Programs-Summer** tab and additional information about courses on the **Departments** tab.
